

Customised Programme Delivery and Support

Tower Hamlets Education Business Partnership is a leading charity bridging the gap between young people and the world of work.

Our aim is to provide fair and equal opportunities for young people, enabling them to broaden their horizons and fulfil their aspirations.

As well as our Annual Partnership Scheme which offers corporate partners access to a wide range of our volunteering opportunities throughout the academic year, we also work with businesses to develop customised programmes and activities, as well as provide consultancy support and advice drawing on over twenty-five years of experience working with schools and young people.

Our customised support options can be undertaken in addition to, or without a commitment to, our Annual Partnership, and come with substantial benefits, including:

- Materials for your custom event/programme with your company branding
- Beneficiary and volunteer feedback
- Bespoke PR support to raise business profile and recognition such as press release, social media, and article in newsletter distributed to over 4,000 of our corporate volunteers
- Volunteer recruitment and briefing materials
- Volunteer training as needed

Customised Programme Delivery and Support

1 Opportunity to fund/sponsor a specific event or programme of scheduled activity

This covers our key one-off programme offerings, such as Head to Head, Aim2Attain, Getting Ahead, Financial and Employability Skills workshops, etc. Choosing this option automatically gives you access to the volunteering places available for a suitable event. The event and all associated materials can be branded with your company branding.

This might be an option if you would like to:

- Organise a specific one-off volunteer day or team challenge, e.g. as part of your company's 'Volunteer Week'
- Organise a community involvement event for a particular group of employees, e.g. your new graduate trainee cohort
- Fund a specific programme of activity or event associated with one of your organisation's CSR themes, e.g. employability.

3 Consultancy for educational resources and/or programmes

Providing guidance and critique to your company's new or existing internal programmes or resources for young people, to ensure their suitability and success (e.g. apprenticeship programme, internship scheme and work experience support; workshop materials etc).

Consultancy costs £70 per hour or £350 per day.

Free consultation and quote.

2 Opportunity to develop and fund a customised event or programme with your chosen date, location and content

Work with us to develop a workshop, event or programme for students on a topic relevant to your sector at any UK location and date that suits you. This has proved a popular option for many companies, including **Chubb**, who chose to hold an Insight Week for local students. Other businesses who have chosen to work with us in this way include **Aon** who held a Leadership Challenge, and **Barclays**, whose Acquisitions and Mergers Workshop was a great success.
