

# Reading Partners: Impact 2018/19

Primary Reading Partners aims to instil in young people a reading for pleasure attitude and improve their comprehension, speaking and listening skills. All of this takes partnered with a role model from the world of work who supports them with their reading and their understanding and engagement with a story. Volunteers are encouraged to have conversations around the books they read to develop rapport and build their pupil's confidence.

## Project Reach

824

Volunteers

38

Schools

700

Students

53

Companies

## Teacher Feedback

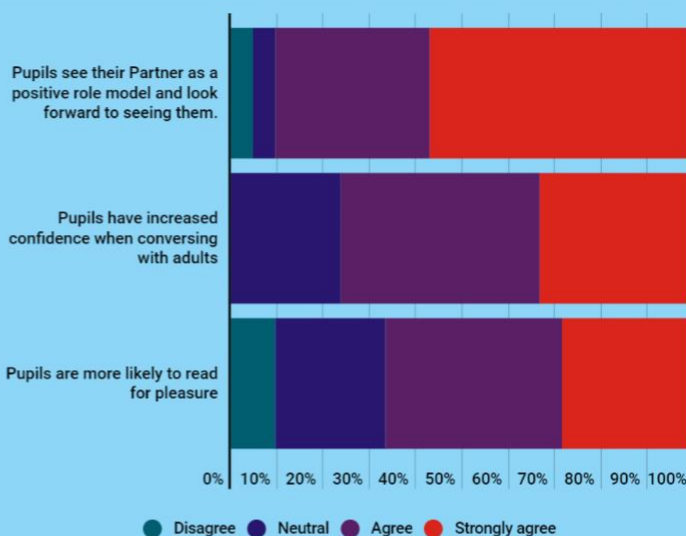

91%

of teachers strongly agreed that the Reading Partners

programme has given pupils an opportunity not readily available at home.

***“The girl I am working with has gone from not being able to speak English at all to top marks in her SATs, and has become cheekier!”***
